

Zonta Singapore – Project Pari Fund

The Zonta Club of Singapore established the Project Pari Fund in 2008 to reach young girls from Secondary 1 to 5 who need financial assistance. Each beneficiary receives S\$50.00 monthly as pocket money to help her with basic expenses like meals and transport. The beneficiaries will receive this financial support for the duration of their secondary school education.

With close collaboration between Zonta Club of Singapore and their schools, the beneficiaries are chosen based on their financial background, positive attitude and willingness to learn. In addition to financial assistance, the beneficiaries also participate in workshops and other activities organized by Zonta Club, designed to instill a sense of self-confidence and to impart life-skills.

Join us to make a difference in the lives of our beneficiaries. A donation of S\$800 will help to cover the monthly pocket money as well as the cost of the workshops for one girl for a year.

Thank you very much for your support.
